Tables

Amounts in brackets indicate a negative value.

IALA means "Inter-Agency Letter of Agreement".

OPC means "operationally but not financially completed".

The asterisk (*) following the project number indicates that UNCTAD acted as associate agency.

Details and percentages do not necessarily add up to totals, owing to rounding.

The financial data in the tables on projects reflect the situation as at 31 December 1999. Occasionally, total expenditures exceed total budget. Early in 2000, budget figures were corrected to reflect correct income. The negative amounts in the 1999 expenditures column pertain to the adjustments of prior year accounts and/or savings on the liquidation of the prior year's obligations.

a/ This refers to section 21 and section 33 of the United Nations programme covering the "Regular Programme of Technical Cooperation" and the "Development Account" respectively. The increase in 1999 is largely due to the one time provision of funds under the savings account and to the initiation of activities financed under the Development Account.
